The Port Inn has become an icon for the City of Port St. Joe, and i've had the privelage to shoot a [360 degree virtual tour](#) for them. A quick bit of history about The Port Inn... It was originally built in 1907 only to be almost completely destroyed by fire in 1944. Sometime in 1947 it was rebuilt and operated under the St. Joe Motel, later to be aquired by David and Trish Warriner and remodeled to the pristine state its currently in now.
