Dan Penrod and his partner purchased "Cabo San Lucas" on Cape San Blas. Cabo San Lucas is actually a 3-in-1 deal. There are three houses on this property... including two beach front homes and one just off the beach, all with a view. Below is a [Low Level Elevated Photo](#) of the property.

The houses are named Aloha, Beachcomber, and Cape Venture and are available for rent through [Pristine Properties, LLC](#)

Now, on to the goods: [Cabo San Lucas Virtual Tour](#)
